Richard D. Feinman, Ph.D.
Associate Professor of Biochemistry
Department of Biochemistry
State University of New York
Downstate Medical Center
450 Clarkson Avenue
Brooklyn, New York 11203

Dear Dr. Feinman:

This is in reply to your letter of February 24 to our Dr. Lisanti.

This Council's primary mission is to support laboratory and clinical research of medical problems and we rarely support scientific meetings, as such. However, in view of its importance we are pleased, in this instance, to provide $3,500 in support of the meeting on "The Chemistry and Biology of Alpha-2 Macroglobulin". Accordingly, we enclose our check in that amount, payable to The New York Academy of Sciences.

One or more of our scientific staff will probably attend the meeting and you have our best wishes for its success.

Cordially,

Robert F. Gertenbach

encl.
